Re: Unauthorized Dissemination of Qualcomm's Intellectual Property

Dear Sir or Madam:

Under the U.S. Digital Millennium Copyright Act (17 U.S.C. § 512) and other applicable U.S. and international statutes, Qualcomm Incorporated (Qualcomm) provides this notification of claimed infringement and requests that you immediately remove certain documents from your web site and/or disable access to those documents through your web site.

Qualcomm has recently discovered the unauthorized publication, disclosure, and copying of its highly sensitive, confidential, trade secret, and copyright-protected documents on the <http://www.thegleam.com> web site. Specifically, we have confirmed that the document with filename **q3236.pdf** posted at <http://www.thegleam.com/ke5fx/usrc/q3236.pdf> is confidential and proprietary to Qualcomm and was posted without Qualcomm's permission.

The unauthorized copying, disclosure and distribution of Qualcomm's confidential trade secret and/or copyright-protected documents constitute a violation of both civil and criminal trade secret and copyright laws. If you are disseminating or aiding and abetting the dissemination of this document, you are violating Qualcomm's intellectual property rights, and could be subject to severe civil and criminal penalties.

Based on our preliminary investigation, we believe that this web site is owned and/or controlled by you. Qualcomm, therefore, demands that you **immediately** (1) remove this document from

any of the web sites under your control and/or disable access to this document through any of the web sites under your control, and (2) destroy any and all copies of the documents that you possess.

We also request that you identify to us your source(s) for this document, so that we may contact them and request that they delete and/or remove the documents that they possess as well.

Qualcomm takes these issues very seriously, and may pursue legal action against individuals and organizations that take part in the unauthorized dissemination of its confidential trade secret and/or copyright-protected documents. We look forward to your prompt cooperation. Please send written confirmation of your compliance to this request to [DocCtrlAgent@qualcomm.com](mailto:DocCtrlAgent@qualcomm.com).

Qualcomm is the owner of an exclusive copyright for this document. I am authorized to act on behalf of Qualcomm, and I have a good faith belief that the publication and/or disclosure by your web site is not authorized by Qualcomm, any of Qualcomm's agents, or the law. I certify, under penalty of perjury, that the information in this notice is accurate.
